# Programs and Tutoring at **TUTOR** ACADEMY

**SCAN ME!**

## In-Person Group Classes

We meet students where they are at, and help them build important skills for the future using exciting and fun content. We know different students need different things, so we made these programs scalable and flexible to fit a range of ages and abilities. Give us a call to discuss if we can be a fit for your student.

## 1:1 Customized Tutoring

*In-Person, Grades 1st - 8th, Reading and Math*  
Fully customizable for your student  
Give us a call, and we will get the right program for your child.

<p><b>Help for the Struggling Reader:</b> Engaging, full-color, multi-sensory Orton-Gillingham phonics program with games and stories for all students, including mildly dyslexic learners.</p> <p><b>Learn to Love Math:</b> Scaffolding through Multiplication, Fractions, Decimals, Percents, and more. All math labs can be customized for students who need more right-brain creative, hands-on presentations and practice, including some dyslexic learners. May include songs, stories, mnemonics, hands-on models, games, and flashcards.</p>	<p><b>Let's Write Now:</b> Starting with sentence structure and mechanics and moving to paragraphs, reports, and essays, we can help your child practice thinking and writing well.</p> <p><b>Homework Helper:</b> We will track with your student on their math, reading, vocab, or composition homework. No more tears or fights at home over homework.</p> <p><b>Not sure which program to choose? Don't see what you need? Let's talk. I can help you pick a lab or we can talk about customizing something for your student.</b></p>
